County of Ingham Request for Proposals

HIV Anti-Stigma Campaign

Packet #145-19

1.0 PURPOSE

Through this mass media campaign, Ingham County Health Department (ICHD) will decrease stigma, increase access to Ryan White Program services, and improve linkage and retention in medical care. This project directly contributes to multiple goals outlined in the 2017-2021 Michigan Integrated HIV Prevention and Care Plan including:

- 2.1.1 Reduce new HIV/STD infection
- 2.1.2 Increase access to care and improve health outcomes for people living with HIV (PLWH)
- 2.1.3 Reduce HIV/STD related disparities and health inequities

Additionally, this campaign supports the initiatives outlined currently in the Presidential Administration's goal, "Ending the HIV Epidemic: A Plan for America" by acknowledging that "responding to HIV is not just a biomedical issue, but a social challenge, too" (U.S. Department of Health and Human Services, 2019).

To reduce HIV stigma, ICHD will work with the selected vendor to launch a public education campaign to dispel rumors and myths about HIV. The messages will target the general public through ICHD's website, and traditional and new advertising outlets with the ultimate aim to reduce HIV stigma in the community which adversely affects PLWH across the care continuum. As the campaign is currently envisioned by ICHD staff, PLWH will be invited to share their stories to the degree they are comfortable, empowering both those living with HIV and reducing stigma in the community. It has been found that "an effective strategy to reduce stigma and increase positive attitudes towards persons living with HIV/AIDS (PHA) is exposure to relatable PHA" (Kerr et al., 2015). This was the approach for the Center for Disease Control's *Let's Stop HIV Together* campaign. ICHD will entertain the idea of other approaches, however, if a vendor has a concept they think may be effective in reaching the campaign goals.

Messaging will be developed and tested by the selected vendor. ICHD and the vendor will work together to disseminate the messaging throughout ICHD's exam rooms and waiting areas, public venues, and college campuses at the campaign launch. This will include communications to reduce community-level stigma, affirming messages that target PLWH, and information on where to access services. Clinic-wide messaging has been found to improve retention in conjunction with integrated services and other clinic-based interventions (Risher et al., 2017). The campaign will additionally share factual knowledge regarding transmission risk and prevention methods as this is regarded as "an antecedent to stigma reduction" (Kerr et al., 2015; Mahajan et al., 2008). Community-level stigma and stigma as experienced by PLWH will be evaluated pre- and post-campaign by outside evaluator with whom ICHD will contract for the three-year grant period.

County of Ingham Request for Proposals

HIV Anti-Stigma Campaign

Packet #145-19

The selected vendor will be responsible for the development of all creative elements in the campaign. The selected vendor will develop two initial concepts. The initial concepts will be presented to PLWH and others for feedback, which the contractor will use to refine and finalize one concept. Currently, ICHD staff envision a campaign with strong storytelling and excellent photography. The vendor must be sensitive to the nature of the work. Some campaign participants and those offering feedback on the creative concepts may have privacy concerns or restrictions that will need to be honored and protected.

Ingham County (County) seeks to enter into a contractual relationship with a person or organization to develop a comprehensive campaign as described above, with key components to include development, testing and execution of an HIV anti- stigma campaign, with final deliverables to be determined. These may include short videos, billboard art, radio scripts, social media messages, and print items such as posters and postcards. The selected vendor will be responsible for advertising costs associated with a soft launch of the campaign on September 11 (costs to come out of project budget). On October 1, ICHD will begin incurring advertising costs. The selected vendor will make recommendations as to how to promote the campaign in year 2 (October 1, 2019-September 30, 2020) and year 3 (October 1, 2020-September 30, 2021). The vendor may also make recommendations for how to expand upon creative work under a separate contract between ICHD and the vendor, however, ICHD is under no obligation to accept such a contract based upon the acceptance of this year 1 contract.

3.0 BACKGROUND OF THE INGHAM COUNTY HEALTH DEPARTMENT

Ingham County Health Department (ICHD) is the entity charged with providing public health service services and assuring the health of residents in Ingham County, Michigan and its municipalities. Our mission is to protect, improve and advocate for the health and well-being of our community by identifying and advancing the conditions under which all people can achieve optimum health. In addition to providing traditional public health services, ICHD operates a network of federally qualified health centers, called the Ingham Community Health Centers (ICHC)), and is one of the few public entities in Michigan operating a federally-qualified health center. The ICHC is required to serve patients regardless of the location of their residence. These residents tend to be some of the poorest and more vulnerable residents in the county including refugees, undocumented persons, sexual minorities, and persons living with HIV and AIDS. The inclusion of a healthcare network allows the department to have both an individual-level and population health perspective.

6.2 Local Purchasing Preference Policy

The Ingham County Board of Commissioners (BOC) believes that its purchasing policies should encourage local vendors to provide goods and/or services to Ingham County government, resulting in increased economic activity through more local jobs, tax revenues, and expenditures, and to entice business relocations to the County. As such, in 2010, the BOC amended its purchasing policies to include a ten percent (10%) purchasing preference to qualified and registered local vendors who respond to solicitations for the purchase of goods and/or services.

In Ingham County, a local vendor is defined as a vendor that operates a business within the legally defined boundaries of Ingham County and pays Ingham County taxes. To be considered a local vendor, the vendor must provide a verifiable business address (not a PO Box) on the enclosed Local Purchasing Preference Form at which business is being conducted. The vendor must also agree to comply with all other policies and requirements of the County. More information about the Local Purchasing Preference Policy can be found at <http://pu.ingham.org/Home/Policies.aspx>.

6.3 Advice of Omission or Misstatement

In the event it is evident to a proposer responding to this RFP that the County has omitted or misstated a material requirement to this RFP and/or the services required by this RFP, the responding vendor shall advise Mr. James C. Statistical information regarding workplace diversity is submitted to the County in a separate sealed envelope containing the notation “STATISTICAL INFORMATION-NOT TO BE OPENED UNTIL AFTER THE AWARD OF THE CONTRACT.” Upon receipt of these separate sealed envelopes, the Purchasing Department segregates the envelopes from the other proposal documentation. The envelopes containing the statistical information are not opened until the award of the contract, and are not considered, in any way, in the award of any contract.
